A short time ago we mailed some information to you about Operation Save-A-Life. This is a free Penn Dot approved (ref. Penn Dot letter August 25, 2005) program that A.B.A.T.E. of PA (Chapter name here) (Alliance of Bikers Aimed Toward Education) offers to high schools, organizations, and civic clubs. The program helps drivers of all levels to understand the special problems that motorcyclists may encounter in normal traffic conditions.

If there are any questions we failed to answer in our first letter, or by chance you never received our information, please contact us. We have already received a good response from a number of local school districts.

We hope to hear from you shortly.

Sincerely yours,

Your name and Chapter
