

OPERATION SAVE-A-LIFE

A.B.A.T.E. of Pennsylvania
232 South 8th Street
Lemoyne, PA 17043-1813
717-731-8955

A.B.A.T.E. of Pennsylvania (Alliance of Bikers Aimed Toward Education) has a free program available for high schools and civic organizations. The program helps drivers of all ages understand the unique problems and hazards that motorcyclists face everyday. The ultimate goal of this program is to save lives and reduce accidents by teaching drivers be more aware of motorcycles and how to share the road safely with them in normal traffic conditions.

The first step for automobile drivers to avoid these dangerous situations is by consciously looking for motorcycles on roadways, and mentally expecting to see them as our slogan says, "Look Twice. Save-A-Life. Motorcycles are Everywhere!"

Our presentation consists of the following:

1. An introduction of our speakers, what A.B.A.T.E. of PA is about, and what we are hoping to achieve with Operation Save-A-Life.
2. A short safety video and activity worksheet (optional).
3. An Operation Save-A-Life video and activity worksheet.
4. A question and answer period.

Please contact us at your earliest convenience to schedule a presentation of our program for your group. This program is free and Penn DOT approved!

Sincerely yours,

Alliance of Bikers Aimed Toward Education
Operation Save A Life
